Assets over 1000,- Euro

We must conclude agreements with our users for fixed assets that should serve the business for a longer period of time. These agreements stipulate the following:

- the asset belongs to Smart,
- the asset is used exclusively in the context of work with Smart, private use is excluded
- If the employment relationship is terminated, there is the option of buying the asset at book value or returning it to Smart.

Due to these conditions, such a purchase will only make sense in the context of a longer employment relationship. Contact the advisor team for more information.

Depending on the type of purchase, a contract of use may also be necessary if the amount is less than 1000 euros. In this case, your advisor will get in touch with you.

You can find the template for the user agreement here.
